

The GT Global Championship is a new global GT3 & GT4 championship that **buys entire race weekends** — exclusive, full-circuit, three consecutive days — at nine circuits across seven countries. This page accompanies our formal request for proposal. **We hire the whole facility, staff it, film it, and pay a deposit on signature.**

Every weekend staffed to world-championship standard: 15–25 marshal posts · dual ALS ambulances + medical center · fire/rescue & recovery · race control & timing · world feed and season documentary on site — quoted by you or appointed by us.

WHAT OUR RFP ASKS YOU TO QUOTE

- **Three consecutive days of exclusive circuit use** on the RFP's date windows, with load-in/load-out access.
- **The services stack, bundled or itemized** — quote what you provide; we appoint the rest.
- **Broadcast infrastructure and signage rights** for the world feed and documentary.
- **Commercial terms:** payment schedule, cancellation scale, damage-recharge schedule.

WHO YOU'D BE CONTRACTING

A funded, multi-year capital program stands behind the championship — circuit hire is the first money out, not the last. The season carries the richest prize fund in GT racing (\$3.75M), a world feed, and a season documentary: **your circuit is content, not just venue.**

Road Atlanta is the championship's home circuit. Your facility is one of nine rounds contracted for 2027 — **an annual, renewing date**, not a one-off booking.

We know how this market works: quote-only, direct negotiation, real deposits — and our budgets were built above researched market ceilings so your quote lands inside an approved number.
